

TechMart Electronics - Pricing and Subscription Tiers

TechMart operates on a dual-revenue model: Hardware Sales and Software Subscriptions.

Hardware Pricing:

TechMart SmartHub Pro: 19000 INR

TechMart X1 Noise-Canceling Earbuds: 2500 INR

TechMart Fitness Band: 3000 INR

Software Subscription Pricing (TechMart Cloud):

Basic Plan (Free): Includes device pairing, standard firmware updates, and basic usage analytics.

Premium Plan (851 INR/month): Includes advanced sleep analytics, personalized AI health coaching, unlimited cloud storage for device history, and priority customer support.

Payment Processing:

Subscriptions are billed on the same date each month. If your payment fails, you have a 7-day grace period to update your card before your account is downgraded to Basic.

Note for Support Agents: If a user states "I paid yesterday but Premium is still locked," inform them that bank processing can take up to 24 hours. Advise them to log out and log back in to force a license sync.
